We Couldn't Fit Them In A Book

The sound, face, and mind of today
is more relative to the hope of tomorrow
and the reality of destruction than
the blind who cannot see their
children for fear of division.
Something that grew and related
give reflections of today's children.

A Time Of Innocence,

How will the school survive without us?

Perfect form.

A Time Of Confidences

There are places I'll remember
all my life, though some have changed
Some forever not for better
Some have gone, and some remain
All these places had their moments
with lovers and friends I still can recall
Some are dead and some are living
In my life I've loved them all.

A well-balanced school lunch

A place to study

There Are Places I'll Remember All My Life

Though I know I will never lose affection for people and things that went before I know I will often think about them in my life.

Public Relations . . .

Career Development . . .

Yesterday Doesn't Matter, If It's Gone

It seemed as though school would never end. And then, suddenly, There was the realization that high school was over. And now, all those years that dragged by slowly then, seemed to have gone by all too quickly.

School Spirit is

So much a part of R. H. S.

Winning is hard workouts

And never giving up.

R.H.S. is not

Now, Memories All

Just a building

It's the people

That make it live

You're about to take a giant step forward into your future. We think we can make it the bright one you want it to be at New England Telephone. With a job that's every bit as big as your ambition. You see, we need people. With all kinds of talents. And especially, people who really want to get going with their future. And want to be rewarded with automatic raises. If you want a job and a future that's tailored to your talent... along with unusually generous fringe benefits, stop in and see your guidance counselor. Ask when and where you can apply for an interview with the people who want to make your future as happy as you want it to be.
